

Olivia Wann has been a leading expert in the area of dental compliance since the year 2000. She's a national speaker and consultant with her articles appearing in major dental journals including Dental Economics. Most recently, Olivia was a contributing author to the ADA's manuals, *ADA's Guide to OSHA Compliance for Dental Offices* and *OSHA Training: Guidance for the Whole Team*.

Our experience is proven. This is why dentists and practice administrators have been relying on us year after year. We help minimize the stress of practice management by handling your compliance project.

We offer online and onsite programs to meet your objectives and budget.

Modern Practice Solutions is an authorized provider of continuing education by the Academy of General Dentistry.

Navigating through a complex regulatory world of OSHA and HIPAA by yourself can be time-consuming and difficult.

We can help!

Call us today or check us out online to find out how we can help your practice stay in compliance!
